How we consult on public release summaries. Notices of intent to register a new product containing a new active constituent, inviting public comment are published in the APVMA Gazette, on the public consultation page and communicated in the Regulatory Update and gazette emails. The APVMA invites any person to make a relevant written submission as to whether an application[s] should be granted.

Pocket K No. 4: GM Crops and the Environment. The debate over the environmental impact of genetically modified (GM) crops is growing increasingly complex, intense, and extremely emotional.

GM Crops and the Environment | ISAAA.org

Business history deals with the history of business organizations, of business methods, of government regulation of businesses, of labor relations, and of business impacts on society. It also includes biographies of individual companies, executives, and entrepreneurs. It is related to economic history.

Attention conservation notice: Over 7800 words about optimal planning for a socialist economy and its intersection with computational complexity theory. This is about as relevant to the world around us as debating whether a devotee of the Olympian gods should approve of transgenic organisms.

In Soviet Union, Optimization Problem Solves You — Crooked

The emu was long classified, with its closest relatives the cassowaries, in the family Casuariidae, part of the ratite order Struthioniformes. However, an alternate classification was proposed in 2014 by Mitchell et al., based on analysis of mitochondrial DNA. This splits off the Casuariidae into their own order, the Casuariformes, and includes only the cassowaries in the family Casuariidae ...

Note: These are conservative estimates -- crop yields vary widely. This data is compiled from a variety of sources. Where sources vary averages are given. The yield figures are most useful as comparative estimates: a high-yielding crop may not be "better" (more suitable) than a lower-yielding crop, it depends on the particular situation.

Vegetable oil yields, characteristics: Journey to Forever

Number: 0443 (Replaces CPB 359) Policy. Consistent with guidelines from the U.S. Preventive Services Task Force and the American College of Obstetricians and Gynecologists (ACOG), Aetna considers annual cervical cancer screening with conventional or liquid-based Papanicolaou (Pap) smears a medically necessary preventive service for nonhysterectomized women age 21 years and older.
