Download the PDF of this article here. ... Belief and Unbelief can be regarded as the culmination of a dialogue, traceable throughout Arnold's research, between this theory of power and the experiences of medieval Christians as they appear to us in the surviving record.

## **Book Review: John H. Arnold's, Belief and Unbelief in**

Belief and Unbelief attempts to push intelligence and articulation as far as possible into the stuff of what so many philosophers

set aside as subjectivity. It is an impassioned critique of the idea of an unbridgeable gap between the emotive and the cognitive ? and in its own way, represents a major thrust at positivist analysis.

In his 1985 Encyclopedia of Unbelief entry “The Geography of Unbelief,” William M. Newman observed that “unbelief has rarely been the direct focus of empirical studies in the social sciences” and that “information [on unbelief] typically is gleaned as a residual from studies of religious belief, identity, and affiliation.” This
