Sixty-nine or 69, also known by its French name soixante-neuf (69), is a group of sex positions in which two people align themselves so that each person's mouth is near the other's genitals, each simultaneously performing oral sex on the other. The participants are thus mutually inverted like the numerals 6 and 9 in the number 69, hence the name. This position can involve any combination of sexes.

The bulk of the Marquesas Islands are of volcanic origin, created by the Marquesas hotspot that underlies the Pacific Plate. The Marquesas Islands lie above a submarine volcanic plateau of the same name. The plateau, like the islands, is generally believed to be less than 5 million years old, though one hypothesis has the plateau (not the islands) as significantly older and having a mirror ...
