College of Social Sciences and Interdisciplinary Studies. Program Description. Sociology is the group-level analysis of social lives of people, groups, and societies.

### **Sociology - California State University, Sacramento**

Architecture is both the process and the product of planning, designing, and constructing buildings or any other structures. Architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of art. Historical civilizations are often identified with their surviving architectural achievements.

Introduction. The formal managerial hierarchy in modern organizations is as persistent as are calls for its replacement. The managerial hierarchy, which took hold in organizations in the late nineteenth and early twentieth centuries, has proved remarkably resistant to change. 1 Norms, mindsets, and cultural assumptions that pervade modern organizational life combine to reinforce an all but ...
