Some of you may remember my "Sound it Out Snowman" game, the "Sight Word Santa" game, and the "Turkey Tails" games that were all played the same way. Each one had a chant that the children would repeat over and over before each child would take a turn. I really like that part of the game, because it keeps all of the children involved and seems to keep the pace of the game moving along.

I should also mention that another EXCELLENT tool for teaching number writing is the number formation songs on the Number Jumble DVD! Those short number formation songs are just exactly right for helping kids get the correct numeral formation down.
