History of the term. The history of social casework is closely tied to the advent of social work as a general professional discipline. In the late nineteenth century, the formation of the Charity Organization Society, and the Settlement movement represented the beginning of efforts towards alleviating industrial poverty. While social casework was a primary method of intervention, it was not ...

Many children are adopted by a relative, someone related to the child by family ties or through a prior relationship connection. Placement with relatives or kin is often the first option considered by workers in foster care when children cannot safely remain in their parents' home or cannot be reunited with them.
