English grammar is the way in which meanings are encoded into wordings in the English language. This includes the structure of words, phrases, clauses, and sentences, right up to the structure of whole texts. There are historical, social, cultural and regional variations of English. Divergences from the grammar described here occur in some dialects. ...

How to write a business letter. Always consider your audience when preparing a business letter. Do not say something in a letter that you would not say to the person in a face-to-face situation, and do not put in writing anything that might later embarrass you or your company, commit you or your company to something that you might not be able to fulfil, or be used against you (or your company ...
