Reflective Practice and Writing: a Guide to Getting Started

The terms 'reflective practice' and 'reflective practitioner' were coined by Donald Schön whilst working in the field of professional learning and learning processes in organisations. He placed 'reflection' at the centre of an understanding of what professionals do: "the practitioner allows himself to experience surprise, puzzlement, or confusion in a situation which he finds ...

Reflecting about yourselves as leaders - Itslife

Reflective Practice. Reflective Practice is a modern term, and an evolving framework, for an ancient method of self-improvement. Essentially Reflective Practice is a method of assessing our own thoughts and actions, for the purpose of personal learning and development. For many people this is a natural and instinctive activity.

Improving the U.S. health care system requires simultaneous pursuit of three aims: improving the experience of care, improving the health of populations, and reducing per capita costs of health care.

The Triple Aim: Care, Health, And Cost | Health Affairs

Design research was originally constituted as primarily research into the process of design, developing from work in design methods, but the concept has been expanded to include research embedded within the process of design, including work concerned with the context of designing and research-based design practice. The concept retains a sense of generality, aimed at understanding and improving ...
