toy car collectors guide pdf

A model vehicle or toy vehicle is a miniature representation of an automobile. Other miniature motor vehicles, such as trucks, buses, or even ATVs, etc. are often included in this general category. Because many miniature vehicles were originally aimed at children as playthings, there is no precise difference between a model car and a toy car, yet the word 'model' implies either assembly ...

Toy-grade R/C cars are typically manufactured with a focus on design coupled with reducing production costs. Where as a hobby-grade car has separate electronic components that are individually replaceable if they fail, toy grade cars are typically made with components harder to find as spare parts and a single electronic circuit board integrated into the design of the vehicle.
